

Junior Consultant

Job Title: Junior Consultant

Working For: Risk Control Limited

Location: Soho, London

Salary: Competitive base plus bonus

Risk Control Limited is an entrepreneurial risk consultancy and software company working on highly topical regulatory, public policy and risk issues. Our clients include major public and private sector financial institutions, regulators and public authorities.

We seek an ambitious, energetic and knowledgeable Junior Consultant to work on developing our consulting and software business and bidding for new work. The role would suit a very bright graduate with a BSc or MSc covering financial issues (such as PPE, Economics or Finance) from a leading university.

What you will do

- You will use your understanding of financial markets and economics to participate in pre- and post-sales analysis.
- You will be involved in identifying customers and researching pressing issues for financial and public institutions.
- You will initiate and follow up contacts with potential clients.
- You will contribute to the development of marketing strategy for Risk Control's software tools and services.
- You will support the management of client projects.
- You will assist in running the office.

Requirements

- A strong interest in financial markets, policy and economics.
- The ambition to develop a career in international business and consulting.
- The ability to think strategically about sales and marketing activities.
- Polished and credible with clients.
- Excellent research and communication skills.
- Hard working and energetic in taking on and completing tasks.
- Precise and meticulous in your approach to work.

Interviews will be held on a rolling basis. The start date is immediate.

Please send a covering letter outlining how you meet the specification along with your CV to admin@riskcontrollimited.com
